President's Message

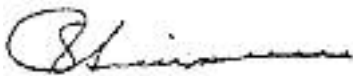

On the release of this, our second Commemorative Book, it is my distinct pleasure to thank each and every one of you who have made the necessary contributions to make this edition successful.

This Military Service Recognition Book is a tribute to our Veterans who gave up so much to ensure freedom and democracy for all Canadians. It is also a tribute to those service men and women who continue this tradition in various peacekeeping missions around the globe.

It is important for you to know that the successful production of these Commemorative Books make it possible for your Legion to continue its strong support in all communities through programs for all former and currently serving members of the Armed Forces, Canada's Youth and Seniors.

We are very grateful to all who provided pictures and information on the Veterans for this book. Your assistance is appreciated. We also want to thank Fenety Marketing for their excellent work in bringing this publication to a successful conclusion.

We Will Remember Them!

Award of: The Military Medal

To: L7237 Corporal Philip BURTON, Canadian Infantry Corps.

During the afternoon of 20 April 1945, a carrier reconnaissance force of Princess Patricia's Canadian Light Infantry, which included a machine gun platoon of the Saskatoon Light Infantry (Machine Gun), were moving South West from Barneveld (Netherlands) toward Walderveen. Corporal Burton, Saskatoon Light Infantry (Machine Gun) was in command of a carrier mounting a medium machine gun. As they approached the blown bridge this force came under intense small arms and faustpatronen fire from nearby enemy positions. A faustpatronen bomb which burst in a tree above Corporal Burton's carrier wounded every member of the crew and blew Corporal Burton himself out of the carrier into the ditch. Although seriously wounded and under heavy enemy fire from close range, Corporal Burton, without hesitation, crawled back to his carrier and with great difficulty got his damaged gun into action. Showing utter contempt for the enemy fire, although he had to expose the upper part of his body, Corporal Burton continued to man his gun until he overcame the enemy fire and compelled them to abandon their position. Corporal Burton was so weak by this time that he was scarcely able to move but not until the enemy withdrew did he give the slightest thought to his own wounds. Corporal Burton's bravery under fire was an inspiration to all the men of the reconnaissance force.

By his aggressive action in engaging and dispersing the enemy he prevented their exploiting the surprise of the ambush and enabled his own forces to proceed on its mission with a minimum of delay or casualties.

Our Hero

He came from a small town but his courage was limitless as he joined the fight for freedom. His vision of a better world took him to unfriendly skies where he met the enemy head on.

When a young person dies those left behind can only wonder what might have been. Would he, like his brothers and sister, become a professional? Would he be a community leader? We can only imagine what he gave up for the cause of freedom.

The ultimate price. We have but one life to give.

These are the words we use to describe the loss of a loved one in combat. While inadequate, they are the best we can do. For your ultimate sacrifice Tom, our brother and uncle, we salute you, your courage and most of all, we remember.

On behalf of my colleagues on City Council and the citizens of Regina, it is my extreme honour to extend our appreciation to the brave veterans of Regina, Saskatchewan and Canada.

The people of Regina have a deep respect for our city and our history, including, of course, the men and women who staked their lives for our freedom - a liberty many never got the chance to enjoy themselves.

Canada's veterans are an inspiration to all, and especially to the young men and women who are currently serving in the Armed Forces. That inspiration is felt in the hearts of soldiers serving at home and in far away lands. Mere words cannot express the debt we owe veterans.

It is with the gratitude of an indebted community that I give thanks to our veterans. We will not forget.

Sincerely,

Pat Fiocco

Captain John Counsell became a paraplegic at Diempe in 1942. In 1945, he and a group of fellow spinal cord injured veterans formed the Canadian Paraplegic Association (CPA).

From its beginnings as a self-help organization for paralyzed veterans, CPA has evolved into a nation-wide organization dedicated to providing support, opportunities and hope for all Canadians with spinal cord injuries. Here in Saskatchewan, our provincial division became a reality in 1964, and we've been helping to rebuild dreams ever since.

We congratulate the Royal Canadian Legion Saskatchewan Command on this commemorative book honouring our veterans. Like you, we are truly grateful for the extraordinary contributions made by all of Saskatchewan's veterans.

On behalf of the citizens and city council of Yorkton, it is with great honour that I extend my gratitude and appreciation to the Veterans of our great country.

With the spectre of war and oppression so far away from Canada, many people take our military people for granted. The sacrifices that have been made and are continuing today deserve recognition, appreciation and the promise that we will never forget their efforts. With my father having served in the forces I have a definite respect for our veterans but I believe I speak for all when I say Thank You and God Bless.

Sincerely,

Chris Wyatt

IN LOVING MEMORY OF MY FATHER
LOIS SYHUT

The Royal Canadian Legion #300 was started April 23, 1946. Over the years the Legion has had many fund raisers for anyone needing help. Money was raised for a new addition to the building, new windows, flooring, lights, PA system, tables, chairs. The community helped put on a new roof. In 2007 we turned the building over to the Rural Municipality Of Eagle Creek #376, because of declining membership.

Comrade Louis Syhut

A lasting tribute for service and sacrifice.

The **GeoMemorial Program** has been expanded to honour those who have given their lives in the service of the province or country, including members of the Canadian armed forces, police officers, firefighters and emergency response workers.

The **GeoMemorial Program** offers a permanent tribute to these brave men and women along with others who have served our province with distinction and dedication.

To date, nearly 4,000 lakes, bays, rivers and islands in the province have been named for individuals who have given selflessly in the performance of their duties.
