## President's Message

Greetings are extended to everyone from the Saskatchewan Provincial Command of The Royal Canadian Legion. This is the third edition in the production of which we hope will be a continued series of this commemorative book. The first published booklet contained the histories of the Command and all its Branches within Saskatchewan. The second was a Military Recognition Book honouring Veterans past and present, and this edition is a continuation of that effort.

I would like to extend my thanks and appreciation for all the family members and Legion Branches that have submitted pictures and information on the veterans that are contained in this booklet. It is a true tribute and a great show of our appreciation for their sacrifice so that we can enjoy our current way of life in Canada. We also recognize all the current serving members that continue to fight for our freedom and democracy. We salute you!

Thanks are also extended to the Schools, Libraries and educational facilities that make these booklets available for all in the community to review and enjoy and learn a little more about what the citizens of our communities have done and are currently doing on our behalf.

Thanks are extended to Fenety Marketing Services for assisting the Command in the collections of donations and for the production and distribution of the book. It is a huge undertaking!

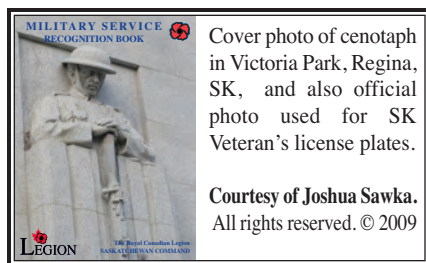

Keep the submissions coming! We will hopefully continue to publish these booklets as long as we have family members and Branches that will send us pictures and information for inclusion in the books. Canvassing for donations will continue, in the late summer/fall for the production of our next Military Recognition Book, so when you receive a call, you will know what it is all about.

Enjoy the book. Saskatchewan Command is honoured to provide this tribute to our military personnel throughout history and in present times.

On behalf of the citizens and city council of Yorkton, it is with great honour that I extend my gratitude and appreciation to the Veterans of our great country.

With the spectre of war and oppression so far away from Canada, many people take our military people for granted. The sacrifices that have been made and are continuing today deserve recognition, appreciation and the promise that we will never forget their efforts. With my father having served in the forces I have a definite respect for our veterans but I believe I speak for all when I say Thank You and God Bless.

Sincerely,

Chris Wyatt

# A lasting tribute for service and sacrifice.

The **GeoMemorial Program** has been expanded to honour those who have given their lives in the service of the province or country, including members of the Canadian armed forces, police officers, firefighters and emergency response workers.

The **GeoMemorial Program** offers a permanent tribute to these brave men and women along with others who have served our province with distinction and dedication.

To date, nearly 4,000 lakes, bays, rivers and islands in the province have been named for individuals who have given selflessly in the performance of their duties.
